SUMMARY

A Third-year BS Computer Science student at the University of the Philippines - Cebu, currently working part-time as a full-stack developer at a tech company. Actively seeking an internship opportunity, which is a school requirement, with the goal of transitioning into a full-time or part-time role at the same company, utilizing my technical expertise and hands-on experience to drive impactful contributions.

WORK EXPERIENCE

HQzen - Fullstack Web Developer

August 2024 - Present

- Fixed and resolved both front-end and back-end bugs, improving application stability and ensuring seamless user experience.
- Enhanced codebase efficiency, reusability, and maintainability through systematic refactoring and optimization.
- Collaborated with cross-functional teams to implement new features and troubleshoot issues, supporting timely project delivery.

HQzen - Internship

June 2024 - August 2024

- Assisted the development team in identifying and fixing bugs across both front-end and back-end, ensuring smoother functionality.
 - Supported testing and debugging processes, helping to improve code quality and resolve issues efficiently.
 - Collaborated with team members in meetings to discuss project progress, share insights, and contribute to feature development.
-

EDUCATION
