SUMMARY

Full-stack developer experienced in building scalable, user-centric web applications using VueJS and Python, with additional exposure to the MERN stack. Worked as a full-stack developer at HQzen, where I developed new features, refactored core components for improved performance, and fixed bugs across both frontend and backend systems using Vue.js and Python. Experienced in designing RESTful APIs, managing Git-based workflows, and contributing to Agile sprints. Currently pursuing a BS in Computer Science at UP Cebu, with a thesis focused on AI and machine learning applications.

WORK EXPERIENCE

HQzen - Full-Stack Developer   **August 2024 - July 2025**

- Built and maintained full-stack features using Vue.js and Python, contributing to both frontend UI and backend API logic.
- Refactored legacy components and optimized code for performance, reusability, and maintainability across the application.
- Collaborated with cross-functional teams in an Agile environment to resolve bugs, manage tasks, and ship product updates efficiently.

HQzen - Intern   **June 2024 - August 2024**

- Rotated across QA, web, and mobile teams to support testing, debugging, and early-stage feature implementation.
- Worked on identifying and resolving bugs across frontend and backend systems, contributing to improved stability.
- Participated in Agile sprints, daily standups, and code reviews to build foundational skills in real-world software development.

EDUCATION

University of the Philippines - Cebu   **2022 - 2026**
BS Computer Science III
- Pursuing a thesis focused on machine learning and artificial intelligence applications.

Bernardo College - Las Pinas City   **2016- 2022**
Senior High School
- Graduated with honors.

ADDITIONAL INFORMATION

- **Languages & Frameworks:** Python, JavaScript, Vue.js, React, Node.js
- **Technologies & Tools:** MongoDB, PostgreSQL, Express.js, Git, RESTful APIs
- **Development Skills:** Full-stack development, Agile workflows, CI/CD basics, Debugging & Testing
- **Spoken Languages:** English and Filipino
